'My main aim is to...I'm ready to do anything for that': Out-of-form Virat Kohli - Hindustan Times

Former India captain Virat Kohli has been immensely criticised for his ongoing struggles with the bat which is also part of his long-standing century drought. Since November 2019, the three-figure mark has eluded the star India batter, stretching across 78 international innings. Kohli had missed the 2018 Asia Cup as he was rested along with many other white-ball regulars. The Men in Blue presently have their eyes set on the 2022 T20 World Cup which will be played later in October in Australia while the 2023 will witness the ODI World Cup. "My main aim is to help India win the Asia Cup and the World Cup and for that I am ready to do anything for the team," said Kohli in a statement released by Star Sports."
